DETAILED ACTION

This office action is in response to the applicant's Appeal Brief dated 8/7/2008.

Claims 1-10 have been cancelled previously by the applicant.

Claims 11-20 are pending in this office action.

Response to Arguments

1. The applicant's argument submitted in the Appeal Brief has been considered and is persuasive. Consequently, the examiner withdraws all rejections outlined in the final rejection dated 2/19/2008.

Allowable Subject Matter

2. Claims 11-20 are allowed. The following is an examiner's statement of reasons for allowance: As per independent claims 11 and 20, the reference Sim discloses a method based on a device for forming a signature comprising a shift register with a number of bit position memory devices to which input data is applied as successive words, the device serially shifting the input data forward in a defined cycle, forming a signature in the device, and a code generator which generates a coded output based on the shift register signature. But the reference has failed to further disclose or suggest the unique feature as is claimed by the applicant, wherein the code generator generates one or more additional bit positions of the shift register from each applied data word in the signature. Consequently, claims 11 and 20 are allowed, as well as dependent claims 12-19, and all are to be renumbered as claims 1-10.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to JOHN P. TRIMMINGS whose telephone number is (571)272-3830. The examiner can normally be reached on Monday through Thursday, 7:00 AM to 6:00 PM.
